MINI-CASE

A new client calls Sunny Fields Farm: a DFW elementary school wants an infographic to show KINDERGARTENERS (age 5-6) where their lunch food comes from.

1 Which crop from the workbook list (strawberries, grapes, bell peppers, cucumbers) fits kindergarteners BEST, and why? My pick: Why:

2 What is ONE design choice you would CHANGE from YOUR Day 2 sketch to make it kindergarten-friendly? (Shorter text? Bigger pictures? Fewer steps?)?

3 What is the MOST interesting fact about your crop that a 5-year-old would remember? Submit your brainstorm sheet and paper sketch with this ticket.
