VENN DIAGRAM

My Farm to Table infographic is designed for **adult grocery shoppers**. A classmate's infographic is designed for the **same crop**. Trade infographics in the last 3 minutes of class with a peer who picked the SAME crop you did.

My crop:

Unique to MY infographic (2 design choices that are different from my classmate's):

1.
2.

Unique to CLASSMATE's infographic (2 design choices my classmate made that I did NOT):

1.
2.

SHARED by both (2 things we BOTH did, like a similar step or fun fact):

1.
2.

Bottom line: Which infographic is more effective for ADULT SHOPPERS, mine or my classmate's? Use ONE specific design choice to back the pick.
