Submission and Feedback

- ☐ Day 3 labor classification with cited evidence and a limitation
- ☐ Day 5 individual response companion
- ☐ Day 5 individual 30–45 second live, teacher-conference, private audio/video, or accommodation-aligned oral/AAC briefing

A written plan or transcript may support access, but it does not by itself demonstrate oral TEKS d(4)(C).

Day 1 career evidence, Day 2 field notes, and Day 4 route comparison are formative. They support the major but are not extra required pieces of the Major 1 submission.

Art, accent, grammar, H&L state, recording polish, and submission mode do not determine the score unless meaning is unclear.
