MINI-CASE

Scenario: A senior diesel technician at a trucking shop is running late for their daughter's soccer game. The last 18-wheeler they need to inspect today requires a 20-minute brake check. They're considering skipping the check "just this once."

1. What COULD happen if they skip the brake check? (One specific safety consequence.)

2. Which system in the trades industry is designed to CATCH this kind of shortcut? (Circle one: **logs** / **inspections** / **signatures** / **supervisors**)

My pick:

3. From MY H&L Career Plan, name ONE favorited career where work ethic has similar safety consequences if skipped:

My career:
