

MINI-CASE

07 / 10

A new 10-story apartment building is about to break ground in Las Colinas. The contractor needs to hire 4 specific trade workers TODAY.

1 | Name TWO construction careers from today's career research that this contractor needs: - Career 1: - Career 2:

2 | Compare education type for each (apprenticeship / associate degree / bachelor's): - Career 1 needs: - Career 2 needs:

3 | ONE SKILL both careers require:

4 | If I had to pick ONE of these pathways TODAY, which would I pick and what TRADEOFF (time / money / physical risk / earning start-date) am I accepting? My pick: Tradeoff:
