MINI-CASE

A senior diesel technician at a trucking shop is running late for their daughter's soccer game. The last 18-wheeler they need to inspect today requires a 20-minute brake check. They're considering skipping the check "just this once."

1 What COULD happen if they skip the brake check? (One specific safety consequence.)?

2 Which system in the trades industry is designed to CATCH this kind of shortcut? (Circle one: **logs** / **inspections** / **signatures** / **supervisors**) My pick:

3 From MY H&L Career Plan, name ONE favorited career where work ethic has similar safety consequences if skipped: My career: ONE specific task where work ethic matters in THIS career:
