

Automotive Evidence Brief

NAME _____

DATE _____

PERIOD _____

1. Visible evidence and boundary

One Crash Crew condition supported by the image:

One conclusion the image does not support:

Inspection, approved information, or authorized role still needed:

Why the boundary matters:

Use this frame if it helps: “The image supports _____. ***It does not prove*** . A _____ ***would need to*** before _____.”

2. Three-career comparison and direction

Salary basis: May 2024 U.S. national median annual wage.

OCCUPATION	MEDIAN	RANK, 1-3	ONE PREPARATION FACT
Automotive Service Technician			
Diesel Service Technician			
Automotive Body and Related Repairer			

Highest-to-lowest comparison with the full evidence label:

Occupation I would investigate first and two relevant facts:

One limitation of the national evidence:

3. Preparation-route decision

First route I would investigate: ☐ Irving HQIM/current district route ☐ TCC example ☐ Registered Apprenticeship ☐ employer/OJT

One advantage:

One tradeoff:

One missing fact:

Exact verification question and authorized source or person:

Use this frame if it helps: “I would investigate _ **first because** . A tradeoff is _ . **Before deciding, I would ask** whether ____.”

4. Limitation, next action, and revision

What the evidence cannot decide for me:

One action I can complete within seven days:

Completion evidence:

Weakest section before revision: _____

Revision I made:

Three labels I kept accurate:

- 1. _____
- 2. _____
- 3. _____

One unsupported claim I removed or corrected:

Private submission: ☐ Canvas text ☐ Upload ☐ Media ☐ Paper
