

BLOCK **3.5.2** | NAME \_\_\_\_\_ | DATE \_\_\_\_\_ | PERIOD \_\_\_\_\_ | TEK | d(1)(C)

## MINI-CASE

07 / 10

Devon works on an SFX team. Devon glued dry pasta onto practice skin to build cracked stone skin. On camera the pieces slid around, and the cracks looked flat instead of deep.

- 1** | Name ONE thing Devon did too early or too fast. Then say what Devon should do instead. Use one step from today's build.

- 2** | Devon has 5 minutes left to make the cracks look deeper on a close-up camera. Name one change Devon should make and why it helps.

- 3** | Name ONE other career on a film set that Devon's design depends on. Say what that person does. Career: What they do:
