Minor 3 Rubric - 16 Points

This rubric scores only the Day 3 fixed-data classification. The visual observation report and professional briefing are formative and do not affect this grade.

CRITERION	4 - MASTERS	3 - MEETS	2 - APPROACHES	1 - NEEDS IMPROVEMENT	0 - INSUFFICIENT EVIDENCE
Comparable evidence and labels	Uses all four occupations and keeps the May 2024 U.S. wage, 2024-34 growth, annual-openings context, preparation, and source basis accurately labeled	All four occupations are present with one minor label or evidence gap	Evidence is present but several labels or one occupation need correction	Fewer than four usable occupations or repeated source/measure confusion	Blank, off-topic, or no usable evidence
High-skill, high-wage, high-demand classifications	Applies the published classroom rule accurately to each occupation and cites the required preparation fact or number for every label	Classifications are mostly accurate with one minor evidence gap	Several labels are unsupported or one rule is applied inconsistently	Labels are mostly guesses or treated as official government designations	Blank or no supported classifications
Trend and openings reasoning	Clearly explains how growth and annual openings measure different things and supports the explanation with two occupations	Accurate comparison with one minor evidence gap	Identifies a difference but reasoning or evidence is partial	Treats openings, growth, and worker shortage as the same measure	Blank or no usable comparison
Recommendation and limitation	Recommends one route for fictional Jordan using preparation, pay, trend, and one specific national-to-local or starting-pay limitation	Recommendation uses the required evidence with one minor gap	Recommendation omits one evidence type or gives a general limitation	Preference is stated with little evidence or an unsupported local claim	Blank, off-topic, or no supported recommendation

Total: ____ / 16

Text, speech-to-text, Canvas annotation, upload, and paper are equal evidence routes. Score evidence and reasoning, not H&L state, inspection skill, public speaking, group membership, handwriting, or English mechanics unless meaning is unclear.
