

Discover Learning Pathways Support

NAME _____

DATE _____

PERIOD _____

Before the Xello lesson

Open **ClassLink > Xello > Home > Lessons > Discover learning pathways.**

The lesson requires at least three saved careers. If fewer than three appear, save three careers you are willing to compare. Saving them here is only the prerequisite for this Grade 7 lesson; your teacher is checking the lesson completion.

Word bank: pathway/ruta · apprenticeship/aprendizaje · technical school/escuela técnica · university/universidad · straight to work/ir directamente al trabajo

CAREER	ONE PATHWAY XELLO SHOWS	ONE BENEFIT	ONE QUESTION OR CONCERN
1.			
2.			
3.			

Complete frame: A possible pathway to [career] is [pathway]. It may fit because [evidence], but I still need to learn [question].

Fixed no-device learning route

Use this page only when your teacher assigns it because Xello is unavailable. It supports the same comparison but does not count as Xello lesson completion.

PATHWAY	WHAT IT CAN PROVIDE	ONE QUESTION TO INVESTIGATE
University	broad academic study and a degree route required by some careers	cost, admission, program fit, and completion time
Community college	certificates or associate degrees, sometimes with transfer options	transfer rules, program availability, and cost
Technical school or apprenticeship	occupation-focused training and supervised practice	entry rules, pay status, credential, and employer recognition
Straight to work or military	work-based preparation that varies by employer or service branch	eligibility, training, commitment, safety, and advancement

Choose one Education and Training career. Compare two possible pathways.

Career: _____

Pathway 1 benefit and question:

Pathway 2 benefit and question:
