

Cybersecurity Bootcamp Planning Template

NAME _____ DATE _____ PERIOD _____

You are volunteering in your community. You are creating and leading a **Cybersecurity Bootcamp** that teaches other people how to stay safe online. Answer all six questions. A sentence stem is under each one. You can use the stem or write your own sentence.

The research behind your program. Underline the finding you will use in question 6.

- 73 out of every 100 adults have been hit by an online scam, like credit card fraud or a fake shopping site.
- More than 60 out of every 100 adults get a scam call or text every week.
- Many students build weak passwords that use their own birthday or name.
- Many students do not know the red flags of a fake email, text, or social media message.

My bootcamp topic. Circle one: phishing red flags · password safety · public Wi-Fi risks · my own idea:

1. What is the name of your program?

Make it catchy, and make it say what the program is. "Scam Slam" beats "Cyber Program."

My program is called _____, and the name tells people it is about _____.

2. What are the main learning goals?

Name what a person can DO when they walk out, not what they will hear about.

When people finish my bootcamp, they will be able to _____

and _____.

3. Who are you trying to reach?

Pick ONE group. The rest of your plan depends on this answer. Circle one: little kids · middle school students · high school students · families · older adults

My program is for _____ because _____.

4. What will you do during the program?

Name the actual thing people do. A workshop, a hands-on activity, a game, a contest.

During my program, people will _____

5. Where will it take place?

Circle one: school · public library · park · community center · online · other: _____

I picked this place because _____

6. How could your program help your community?

Tie your answer back to the finding you underlined at the top.

I read that _____ .

My bootcamp helps because _____

Before You Design the Flyer

Your flyer has one hard requirement: it must tell people **how to sign up**. Write your sign-up method here first, then put it on the flyer.

People can sign up by _____
