

Automotive Evidence Brief

NAME _____ | DATE _____ | PERIOD _____

Part 1. Visible evidence and boundary

One Crash Crew condition supported by the image:

One conclusion the image does not support:

Inspection, approved information, or authorized role still needed:

Why the boundary matters:

Part 2. Three-career salary comparison

Salary basis: May 2024 U.S. national median annual wage.

OCCUPATION	MEDIAN	RANK, 1-3	ONE PREPARATION FACT
Automotive Service Technician			
Diesel Service Technician			
Automotive Body and Related Repairer			

Highest-to-lowest comparison in a complete sentence:

One outlook or openings comparison:

One limitation of the evidence:

Part 3. Current direction

Automotive occupation I would investigate first:

Fact 1 and source label:

Fact 2 and source label:

How those facts connect to a stated priority:

Career preference itself is not graded.

Part 4. Preparation-route decision

First route I would investigate: ☐ current Irving route ☐ TCC example ☐ registered apprenticeship ☐ employer/OJT

One advantage:

One tradeoff:

One missing fact:

Exact verification question and authorized source/person:

Part 5. Limitation, next action, and revision

What the evidence cannot decide for me:

One action I can complete within seven days:

Completion evidence:

Weakest section before revision: _____

Revision I made:

Evidence audit

Three labels I kept accurate:

- 1. _____
- 2. _____
- 3. _____

One unsupported claim I removed or corrected:

Private submission: ☐ Canvas text ☐ Upload ☐ Media ☐ Paper
