

Mid-Year Evidence Reflection Rubric

NAME _____ DATE _____ PERIOD _____

Student-visible 16-point rubric

CRITERION	MASTERS — 4	MEETS — 3	APPROACHES — 2	NEEDS IMPROVEMENT — 1	INSUFFICIENT EVIDENCE — 0
Change supported by evidence	Clear before/now change; exact source or class experience; explains why evidence changed thinking; claim stays bounded	Change and one relevant evidence source are clear	Change is present but evidence or explanation is general	Mostly preference or story with little evidence	Blank, off-topic, or invented evidence
Transferable-skill proof	Two skills; specific visible task evidence for each; accurate transfer to different careers	Two skills and task evidence with a reasonable transfer	Two skills appear, but one task or transfer is general	Skill names with little task evidence	Blank, off-topic, or no usable skill evidence
Organization or route reasoning	Correct type; verified benefit/function; access fact; limitation; realistic next investigation	Correct type with benefit, access, and one limitation	Mostly accurate, but one required evidence job is weak	Label or benefit is substantially confused	Blank, off-topic, or guarantees unsupported access/outcome
Goals, support, and revision	Two specific timed actions; support, evidence, and backup for each; clear connection; visible revision	Two actions with time, support/evidence, and revision	Actions are plausible but one support, backup, or revision is general	Vague wishes or missing action structure	Blank, off-topic, or no actionable plan

Scoring notes

- Career preference itself is not graded.
- Do not score public speaking, profile history, platform access, handwriting, accent, or English mechanics unless meaning is unclear.
- Text, speech-to-text, private media, upload, and paper are equal evidence routes.
- Keep unpublished and ungraded until the 4SW assessment map is verified. Use as recovery or replacement evidence only through a teacher-approved grading decision.
