

Architecture Evidence Portfolio Rubric

NAME _____ DATE _____ PERIOD _____

Four-Criterion Rubric

CRITERION	4 — MASTERS	3 — MEETS	2 — APPROACHES	1 — NEEDS IMPROVEMENT	0 — INSUFFICIENT EVIDENCE
Career and source accuracy	Three careers; salary labels and preparation boundaries are complete and accurate	Three careers with mostly complete, accurate labels	Comparison is present but labels or boundaries need correction	Evidence is minimal or repeatedly mislabeled	Blank, off-topic, or not submitted
Design and revision evidence	Requirements are visible; test evidence leads to a specific, justified revision	Requirements and a supported revision are visible	Design or revision evidence is partial	Design lacks usable requirement/revision evidence	Blank, off-topic, or not submitted
Career and cluster connection	Accurately explains three distinct roles and how they work together	Accurately explains roles and a clear connection	Names roles but connection/work details are partial	Mostly titles or inaccurate role claims	Blank, off-topic, or not submitted
Supported explanation	Uses specific design, salary, and preparation evidence with a meaningful limitation	Uses multiple relevant evidence details	Gives a claim with limited evidence	Gives preference or summary without evidence	Blank, off-topic, or not submitted

Total: ____ / 16

Suggested district-band conversion after the grading gate: 15–16 Masters; 13–14 Meets; 12 Approaches; 10–11 Needs Improvement; 0–9 follows campus policy.

Submission and Feedback

- ☐ Day 2 three-career comparison
- ☐ building design or equal paper concept
- ☐ test and revision record
- ☐ individual cluster synthesis

Tool choice, device access, drawing polish, accent, grammar unless meaning is unclear, group attendance, and public-speaking confidence do not determine the score.
