

Health Career Evidence Check Rubric

TEACHER USE

2sw/wk4-dental-medical-billing

Recommended minor checkpoint: 16 points

CRITERION	MASTERS - 4	MEETS - 3	APPROACHES - 2	NEEDS IMPROVEMENT - 1	NO EVIDENCE - 0
Career data accuracy	All 3 careers accurate; pay keeps year, geography, measure	One minor error	Partial table or mixed labels	Major errors	Blank/off topic
Classification	All 3 use the stated comparison rule and evidence	One classification needs detail	Rule used inconsistently	Labels without evidence	Blank/off topic
Scenario fit	Clear recommendation connects preparation and duties to Jordan	Clear fit with one missing detail	General fit with one fact	Preference only	Blank/off topic
Evidence and trade-off	2+ accurate facts plus a meaningful trade-off/question	2 accurate facts with basic explanation	1 accurate fact or thin reasoning	Unsupported claim	Blank/off topic

Score record

CRITERION	POINTS
Career data accuracy	/4
Classification	/4
Scenario fit	/4
Evidence and trade-off	/4
Total	/16

Performance-band conversion

RAW POINTS	PERCENT RANGE	BAND
15-16	90-100	Masters
13-14	80-89	Meets
12	70-79	Approaches
10-11	60-69	Needs Improvement
0-9	Below 60	Follow campus/district policy

Calibration notes

- Do not deduct for handwriting, platform route, artistic quality, or English mechanics unless meaning is unclear.
- A Dental Hygienist recommendation can earn full credit even though it exceeds Jordan's stated preference if the student names that trade-off and explains why other evidence outweighs it.
- Medical Billing and Coding is current FYF and district-coursebook content. Accept the workbook title. The fixed \$50,250/7% figures are the guide's national comparison data, not starting or DFW pay.
- Dental Assistant is below the course high-wage line but above the growth line. One label does not decide overall career value.
