NAME _____ DATE _____ PERIOD _____

Four-Criterion Rubric

CRITERION	4 - MASTERS	3 - MEETS	2 - APPROACHES	1 - NEEDS IMPROVEMENT	0 - INSUFFICIENT EVIDENCE
Career content	Accurate career, duty/work product, preparation, and bounded conclusion	Accurate content with one minor gap	Two accurate elements; important gap	Mostly vague or unsupported	Blank/off-topic
Source and labor evidence	Correct measure, amount, geography, date/source plus limitation	Correct label with one minor gap	Figure present but label/limit incomplete	Figure relabeled or unsupported	No evidence
Organization and audience	Clear opening, logical sequence, concise explanation, effective close	Organized with one minor lapse	Understandable but uneven or over/under time	Hard to follow or largely read without audience awareness	No assessable brief
Oral/AAC communication and revision	Understandable pace/volume or effective AAC, practiced revision is visible, 60-90 seconds	Clear communication with one minor gap	Meaning is understandable with support; revision partial	Communication frequently obscures meaning or no revision evidence	No oral/AAC evidence unless accommodation changes task

This is formative Week 4 rehearsal for the Week 5 and Week 6 majors. Use it for feedback and revision, not as another grade.

Access and Scoring Boundary

Equivalent oral routes: whole group, small group, teacher conference, recorded audio/video, or AAC/speech-generating device. Accent, speech difference, disability, camera use, eye contact, public-speaking confidence, clothing cost/style, and English mechanics are not scored unless meaning is unclear. Note cards and a transcript may support access.

Written-only work does not demonstrate the oral-presentation standard unless an accommodation formally changes the task. Record the authorized alternate evidence here:
